PilotMovers DNA

ABOUT THE BASES

Chengdu Shuangliu International Airport is the major international airport serving Chengdu, the capital of Sichuan province.

In the fierce air transportation market competition, Chengdu Airlines adheres to the concept of “services and intentions”, providing passengers with “safe, harmonious and exquisite” air transportation services, and strives to create a “flying air card” for this tourist city. Actively promote the tourism culture of Chengdu. In the continuous exploration and advancement, Chengdu Aviation has established a set of effective scientific management methods and established a complete sales network, financial management system and management system. The company has more than 2,500 employees, of which 94.71% of the total number of professional and technical personnel with college education or above successfully achieved the layout of high-quality and rational aviation talent team.

At present, Chengdu Airlines has established a development strategy of “building one of China's mainstream low-cost carriers and China's composite low-cost market leader”, and is committed to becoming a well-known comprehensive aviation brand in China, a successful commercial for domestic civil aircraft. Operation, contributing to the construction of a large international aviation hub in Chengdu.
